Retrospect: A Look Back at Last Year

Progression of the New Pool

2018 has been a big year for the New Pool Committee. We have secured over half of the money needed to bring this dream to a reality! From craft sales, to comedians, hot dog roasting, to raffles we have been busy! This has been possible due to a group of very dedicated, hard working and driven individuals. The committee wants to send it's gratitude for all the support from community members and businesses. Our goal remains the same, breaking ground at the end of the 2020 pool season. If you agree that Langenburg needs to update their recreation facilities to provide better quality of life for our community members while attracting new people to our community consider making a donation to our Make a Splash Campaign. Contact the Rec Office for information on how you can make a contribution! **306.743.5176**

Attractive & Vibrant Main Street

by LCDB

The Town of Langenburg is starting a main street revitalization initiative "Attractive & Vibrant Main Street".

Vibrant main street helps attract visitors, create jobs and increase the competitiveness of small businesses, which are the backbone of small community.

Before making significant investments, we are planning to create a clear vision of what we (town residents, businesses and various local groups) want our main street to become.

The initiative's 1st stage is to prepare the detailed **PHOTO VISION** of our main street.

The 1st stage is the most important stage where we need YOUR (business owner, town resident, organization group member) input!

LCDB wants to connect with you through meetings, mailings, surveys, interviews and social media. Please be creative, think outside of the box, be responsive and share your ideas of what our town could look like, what you want to see, all ideas are welcomed!

PROJECT STAGES:

2019 – 2020 photo vision preparation

2020 – 2025 implementation stage. Priority – Tourist Stop.
